# TOP QUESTIONS ASKED

Before undergoing plastic surgery abroad

## LIP AUGMENTATION

### ***SHOULD I GET LIP INJECTIONS OF PERMANENT IMPLANTS?***

It is recommended to try injectable fillers at least once before undergoing a permanent lip augmentation. It is important that you really like the look of fuller lips on yourself before you commit to a permanent enhancement.

The Permalip implant looks really natural, even on older women. It's easy to place and easy to remove should you decide to have them out or want to change the size of your implant. Patients uniformly love the look once the swelling subsides. With time, they also feel completely normal.

### ***HOW LONG WILL THE RESULT LAST?***

The effect of lip augmentation with injections lasts for about 9-12 months.

Permalip® implant enhances lips indefinitely.

### ***WHAT ABOUT THE LENGTH OF THE RECOVERY PERIOD?***

The lip augmentation recovery process following fat transfer or lip enhancement with injectable lip fillers generally requires a day's rest before patients can return to normal activities.

Post-operative discomfort can be controlled with over-the-counter pain relievers.

After a lip implant procedure, recovery usually requires at least a week.

Sutures placed dissolve in about 10 days after the surgery. The lips may feel numb until the healing process is complete. Additionally, lips may feel stiff for up to three months after the procedure.

### ***WHAT ABOUT THE POSSIBLE COMPLICATIONS AND WHAT IF SOMETHING GOES WRONG?***

Complications are extremely rare. While still in Lithuania: in case you are feeling unwell or there is anything abnormal, you will be immediately checked upon by the medical personnel. Should there be a need for a follow-up procedure, it would be carried out for you free of charge.

Complication in the later stages of the recovery is even less likely and most of the time not immediate. If they happen, our surgeon would consult you online and explain the steps to take. In case a follow-up procedure is needed, it would be done for free at the clinic. However, the transport & accommodation would not be covered by us.

**Approximate all-included price for lip augmentation with Permalip implant: €2395\***

**Includes:** value added tax (VAT), everything for the treatment, anesthesia; all the needed help with the trip, such as finding best airplane ticket deals, accommodation booking, meeting at the airport, personal driver within Lithuania, phone+SIM card for unlimited calls in Lithuania; needed consultations, medical tests, 24/7 assistance in Lithuania in case something is needed, help with after-care, insurance of up to € 35,000 against injury resulting from malpractice.

*“I chose Wellness Travels to organise my surgery in Lithuania and I have to say I didn’t find any problem with them from the moment I booked till the moment I left. My travel assistant was lovely. Staff and doctors at the clinic were amazing. I will definitely be back for further surgeries” – Nicola, Ireland*

---

\* Given price is approximate and may slightly vary depending on every individual case. The exact price is determined after a free and non-binding Skype consultation with our surgeon (alternatively, one could send photos of the treatment area(s) directly for the doctor’s evaluation via a safe inquiry form on our website).

Discounts apply if multiple procedures are combined (may not be possible due to safety concerns).

## WHY LITHUANIA?

Lithuanian health care is known for transparency and quality. The country is EU & NATO member for more than 10 years, has € as its currency and strictly meets all of the Western medicine standards. Yet, due to lower taxes and less expensive labour, it has a price advantage. This means that you will pay mostly for the treatment. All in all, Lithuania is regarded as a superior quality care provider at fair prices.

- ✓ Experienced physicians;
- ✓ State-of-art technology;
- ✓ Latest treatment methods;
- ✓ Maximum safety;
- ✓ 3x lower price than in the UK/Scandinavia/Holland;
- ✓ Round trip flights for €100 / £73.

Lithuania offers a wide list (around 1000) of sightseeing objects. Here you will definitely discover something that you have never seen anywhere else.

## 1-3 HOURS FLIGHTS

*The country is easy to reach from anywhere in Europe! Well developed, affordable and abundant air-travel makes it easier than ever. Direct fights available from UK, Ireland, Benelux countries, Germany and Scandinavia usually take just 1- 3 hours.*

## What are the next steps?

### 1 Contact us

Once you know what you would like, contact us via email, phone/Skype, Whatsapp/Viber. You could also contact our surgeons directly via a safe inquiry form on our website.

### Get a quote

### 2
